Questionnaire

Please verify that you have included a conflict of interest statement in your manuscript. A conflict of interest exists whenever an author has a financial or personal relationship with a third party whose interests could be positively or negatively influenced by the article’s content. This should be added in a separate section before the reference list. If no conflict of interest exists for all participating authors, the corresponding author should use the following wording: On behalf of all authors, the corresponding author states that there is no conflict of interest.

- Yes, conflict of interest statement included.
